FORTY-SECOND YEAR NO. 42

CEDARVILLE, OHIO, FRIDAY, OCTOBER 3, 1919

PRICE, \$1.50 A YEAR

O. E. Bradfute Honored By Chamber of Commerce

The Xenia Chamber of Commerce honored O. E. Bradfute Tuesday evening when two hundred people were banqueted in his honor, as having been selected as one of 25 prominent men, representing all lines, at a conference at the White House, on the labor situation.

The speaker of the evening was O. A. Barringer, vice president of the National Cash Register Co., Dayton, who spoke on "Capitol's Obligation to Labor and Labor's Obligation to Capital."

Mr. Barringer stated that since 1916 wages have increased 73 per cent at the N. C. R. There is a lack of interest shown by employees today other than on the pay envelope, forgetting to give an honest day's work in return. It is the employer's duty to give the laborer the best working conditions. The more we pay labor the higher priced the commodity made will be. The cost of living can never be reduced until something happens to the payroll of material and labor. Labor represents 70 per cent of the cost of everything sold today.

Representative W. B. Bryson spoke in behalf of the county and cautioned that while building a greater Xenia not to forget to build a greater county for Xenia's prosperity depends on the county.

Mr. Bradfute opened his remarks by stating that he had been selected to represent the agricultural interests. He stated that he knew very little that was to come before the conference but the time had come for some readjustment. We seem to be in a period of the "survival of the fittest." I will go to the conference with an unbiased opinion.

The speaker was given a good ovation both at the opening and closing of his address. Charles Weaver was chairman of the meeting and the dinner was served by Jacob Kany.

RESOLUTIONS.

The following resolutions were passed by the directors of The Exchange Bank on the death of the late S. W. Smith, former president and vice president at the time of his death.

Cedarville, Ohio, Sept. 30, 1919.
"With a deep sense of bereavement the Officers, Directors and Stockholders of The Exchange Bank of Cedarville, Ohio, record the passing away of Seth W. Smith, who for many years was its active and efficient President and Director."

"In his death which occurred Sept. 22, 1919 at his late residence of Whittier, California, we feel that a valued friend and influential business man has passed from the community; that the church and every movement that stands for Christianity in its fullest sense has lost a staunch friend whose purity, fidelity and uprightness were ever prominent; and the home has been deprived of the wise counsel and loving companionship of a devoted husband and kind father."

"We wish as best we can to express to the family our sincere love and sympathy in their loss, and assure them that we hold in remembrance his good works and Godly life in our midst and thank Providence that our privilege has been to know intimately such a good man."

"We also desire that a copy of this minute be sent to Mrs. Smith and family; another to The Cedarville Herald and that it be made a part of the records of The Exchange Bank."

Directors: George W. Rife

G. E. Jobe
Howard Smith
Marion I. Marsh

BIBLE READING CONTEST

The following students will read their favorite chapters and contest for first place Monday night, October 6th at 7:30 in the R. P. church, Main street:

Nettie Shaw
Gavin Reiley
Carl Elder
Harold Hammond
Louise Greer
Paul Duncan
Robert Stewart
Carl Duncan
Wilbur White
Charles Brown
George Markle
Dwight McKune
Morton Creswell
Rebecca Marsh
Norman Foster

APPOINTED SECOND LIEUT.

Fred M. Townsley, formerly of the U. S. Coast artillery, received a commission Friday for his appointment as a second lieutenant. He had taken the examination some time before the armistice had been signed but has since been mustered out of service. He can accept at this time but would be subject to call for seven days duty each year for five years. It is not likely that he will accept.

TENNIS COURTS PROVIDED.

Prof. L. D. Parker has provided two tennis courts on the school grounds for the high school students. The work of preparing the grounds is in charge of the upper classes. The Prof. expects to provide an outside basket ball court also.

LOST.

Ten suit case, initialed F. F. M., Sunday, the 28th about 10 a. m. on Federal road between Cedarville and Xenia. Contents: clothing, toilet articles and \$30. A reward of \$25.00 for return.
F. F. Marshall,
Cedarville, Ohio.

WILL VOTE IN NOVEMBER.

The Ohio Supreme Court has handed down a decision that will permit popular vote on the prohibition ratification amendment this fall. The voters have petitioned for a vote and the dry endeavor to hold up the vote on the claim that the public had no right to vote on such questions. The drys will take the case to the U. S. Supreme Court but there is little chance of gaining their point under the initiative and referendum laws of this state. Outside of the prohibition question the claims of the dry leaders would be a dangerous one. The supporters of the initiative and referendum now find themselves running around in circles. Prohibition was voted by the Ohio electors last fall. The Ohio legislature ratified the national amendment. Then temperance people settled down to enjoy the fruit of prohibition but the initiative and referendum was invoked by the wets and temperance people are called upon to face another fight. Drys that favored the Constitution form of government in this state should grin and bear being lambasted with the club that was to be used to paralyze the friends of King Alcohol.

ANNUAL REPORT OF LIBRARY.

The following is the report of the Cedarville Township Library for the year ending August 1, 1919.
Number of days open to the public, 223.
Total number of books loaned, 9942.
Largest circulation of books was in February, 1410.
Largest daily circulation, Feb. 1st and 12th, 98.
Number of books loaned outside of township, 161.
Number added during year, 412.
Number purchased, 265.
Number donated, 144.
Number of periodicals subscribed for, 25.
Number donated, 10.
Number of patrons added during the year, 103.
Number of adult patrons added during the year, 40.
Number of juvenile patrons added during the year, 63.
Receipts for fines, \$7.60.

U. S. ARMY CHAMPION AFTER DEMPSEY

Bob Martin, long, rangy, 195-pound youth of 21 from Akron, O., is the fighter being groomed to take the crown away from Champion Jack Dempsey. Martin won the heavyweight championship of the A. B. F., and the inter-allied title as well. He beat all the best men in England, Belgium and Italian armies. He is being trained and handled by Jimmy Braddock, A. B. F. referee and athletic manager.

NOTES OF FARM AND FIELD

James Frame, Arthur Cummings and Will Frame drove through to West Virginia some days ago where they purchased 125 head of 1100 lb. feeding cattle.

The report going the rounds that the Arthur farm on the Columbus pike had been sold again cannot be confirmed.

The Mr. Thompson who purchased the J. F. Rankin farm on the South Charleston and Jamestown pike last spring at \$200 an acre has sold part of the land at \$275 an acre. Farmers are warned about wheat for seed, especially any that went down before ripening. It is said that down wheat will not grow.

The Lawrence Barber and C. G. Paull public sale announced for Oct. 6 has been cancelled.

The Josiah Kemmer homestead on the Turnbull road will be sold by Sheriff Funderburg on Nov. 8. The legal notice appears in this issue.

A Kentucky tobacco grower in Fayette county, Joe Coons, was offered \$40,000 for his crop of 45 acres, but it was refused.

We are in receipt of a copy of the Lake County Register, Ill., which gives a list of the live stock premiums. We notice that D. N. Tarbox, of Zion City, Ill., formerly of this place, secured second on cents single driving horse and also a second on stallion, four years old and over.

Save enough seed corn to do you two years is the advice of the Ohio Agricultural College. While this year's crop is about the best in years, yet the next may be a failure.

NOTICE TO HUNTERS.

Notice is hereby given to hunters, whether with dog or gun, is for hidden and offenders will be charged with trespassing and prosecuted according to law.

PUBLIC SALE DATES.

E. E. McCall, Big Type Poland China hogs, Thursday, Oct. 2.
Harry Townsley and Johnson Bros., Oct. 20.
Mrs. Jane Arthur, Oct. 16.
Winter & Stewart, October 31st.
Kennon Estate, Nov. 8, 1919.
S. E. Sanders & Son, Nov. 12, 1919.

ONE MONTH YET.

Reports published that the clocks would be set back on October first were incorrect. Under the day saving law the change does not take place until the last Sabbath of October, the 26th.

GET AFTER THE STUMP.

Between the school board and the village council we suggest that some action be taken towards the removal of the unsightly stump just south of the building near the street. It has remained in its present location two years and should be moved at once.

SOLD IF FOR FIFTY CENTS.

Several days ago a Rockville lady purchased a basket of peaches for \$3.35 cents. In the bottom of the basket was a note from the fruit grower stating that he had an extra basket of peaches for fifty cents. The lady called the purchaser to notify her that he had to pay for them. This was a difference of \$3.35 between the producer and the consumer which is not a bad margin for this day of such costs and living.

MAY BE NO MAGAZINES.

The readers of the magazines may be distressed by the action of the pressmen's strike in New York City is settled soon. About 250 printing houses have closed down for at least thirty days to offset a pressmen's strike where the union is demanding a 44 hour week and also an increase of \$14 weekly in wages. The houses have contracted with magazine publishers and cannot pay the increase. The closing of the 250 plants throws more than 10,000 men out of employment.

VOTED TO PURCHASE.

Xenians voted at a special election last Thursday to purchase the water works. There were just nine more votes than the necessary two-thirds vote. The water company has been unable to pay dividends for four years and offered the plant to the city at fifty cents on the dollar. The city has been unable to pay the new water rental of \$15,000 a year.

MAY PAY BONUS.

If congress can be made to see the justice of it, veterans of the World war, will be paid one year's pay at the rate of \$30 per month. Those in service more than two months but less than one year will be paid at the rate of \$30 for each month's service.

REID'S SELL RAILROAD.

Sale of the Palisade and Eureka Railroad, 87 miles long, by Mrs. Whitelaw Reid and Ogden Mills of New York to Eugene Davis of New York and Eureka, Nevada, for a consideration of \$1,000,000 was announced Saturday.

WORKED NOT IN HARMONY.

State officials are investigating Wilberforce University, a committee sitting at the university Monday at a hearing to see what the trouble is. Five members of the board are appointed by the governor and four others by the board of governors of the seminary to represent the university.

MELON SEASON IS OVER.

John Marshall & Son have closed their melon patch on the Powers farm and moved their equipment to town. The firm enjoyed a large business this season and had the best patch in recent years.

FESS AUTO WAS STOLEN.

Dispatches yesterday stated that Congressman S. D. Fess' auto had been stolen in Washington and was found at Elk Ridge, Md., the authorities found the abandoned machine through the Ohio license number.

We will pay Saturday, October 4th only for clean fresh eggs
50c in Trade
50c in Cash
50c Dozen for small and Dirty Eggs
R. BIRD & SONS CO.

OHIO NEWS IN BRIEF.

Two men named Santry and Miller were killed and three others injured when an Akron, Bedford and Cleveland interurban car struck a Cleveland Illinois company repair wagon at Stop 10, near Cleveland.

Attorney James Judge, 52, former government agent in Alaska, died at Columbus after a long illness. Mr. Judge was a member of the B. P. O. E. and of the Franklin County Democratic club.

Electric fare in Cincinnati will be increased from 6 1/2 to 7 cents on Oct. 1, as the result of a credit in the cost of operating the streetcar system during July and August.

While tied to a chair, George Glantz, living near Toledo, watched thieves carry away his home liquor stock of 24 cases of whisky. The men, seven in number, overpowered Glantz when he tried to give them refreshments.

During a quarrel among a number of section men at McConville, James Metelinos, while acting as peace-maker, was shot and instantly killed. James Lomas, 41, with the shooting, made his escape.

Eight teachers of Shawnee public schools, in a served official notice on clerk of board demanding salaries of \$90 per month and threatening a walkout.

Warrants for the arrest of a score of saloonkeepers charged with violating the state prohibition law and municipal ordinances by selling liquor, were obtained by the attorney for the dry forces at Youngstown.

Twenty-nine lumber dealers and eight ice cream dealers and manufacturers were charged in indictments returned by the grand jury at Dayton with violation of the Valentine anti-trust act in operating in restraint of trade and fixing prices.

Lay delegates of the Ohio M. E. conference will go to the general conference at Des Moines next May instructed to work for an amendment to the church constitution whereby official boards will be nominated and elected by the general membership of the church.

Ohio's 1,000,000 school children have been asked by the Ohio war savings committee to become members of the "Ohio First" club. Through H. W. Pearson, state director of education of the state war savings committee, a call has gone out to all school superintendents urging them to line up all pupils and teachers in the savings club.

Alleged teaching of German in St. John's Evangelical Lutheran church in Dayton after being captured by Austrians, spending six months in a prison camp, escaping and finally being nailed up in a packing case and smuggled aboard an American-bound ship.

A congressional committee will visit Cleveland to decide on the advisability of retaining the cantonment as a permanent camp.

Fire at Washington C. H. caused \$100,000 damage at the H. J. Coffman Lumber company plant.

Michael Mondora, 25, Youngstown, was killed while hunting.

Eight men were burned seriously in a powder explosion at Wolf Run mine, near Steubenville.

With two women and one man dead at Cleveland from "pois. whisky" federal officials joined the police in a hunt for the source of supply and the distributors.

At Canton, Nick Datsch was fined \$300 and costs upon his conviction on a charge of illegally selling liquor. Nine others pleaded guilty to similar charges and were assessed fines ranging from \$100 to \$150.

Attorney General Price ruled that the property classification measure must be submitted to the voters in November and that the legislature can not be called to correct a technical error which provides that church and charitable institution property shall be classified for taxation.

Charles Martin, 34, was killed when he touched a high tension wire while attempting to walk a cable of the Central Power company at Canton.

It was announced at East Liverpool that 8,000 pottery workers in the United States get 6 per cent wage increase.

Mrs. Maria Berry, 91, who began teaching in 1848, died at her home in Mt. Vernon.

War department is planning to establish an aviation field at Camp Sherman, according to instructions received there from Washington.

Thieves who entered the New Idea store at Toledo took practically the entire lot of toys, wafles and linens, the loot being estimated at \$25,000.

John Bryant, 14, Tiffin, attempted to dry over a gas burner a pair of gloves he had washed in gasoline. She was severely burned.

Miss Martha Collins, primary teacher; Caroline Westraffer, 13, pupil, and another pupil were severely injured when lightning struck the Maximo schoolhouse, four miles south-west of Alliance.

Calvin Burke, 23, drove his farm tractor under a tree near Wooster when a storm came up. Lightning struck the tree. Two hours later Burke was missed at home and his dead body was found lying beside his tractor.

Almost Instant Death For Dennis B. McElwain

Dennis B. McElwain, one of our most highly respected citizens, met a sudden and unfortunate death about 9:30 Wednesday morning while at work on a tenant house on his farm south of town.

Mr. McElwain and George Baker have been engaged in remodeling the tenant house and the unfortunate man was standing on a scaffold in the gable of the roof. No one saw him fall or just what the circumstances were in connection with it. Mr. Baker was not where he could see but was attracted by the noise and upon investigating found Mr. McElwain in a prostrate condition on the ground. He was still breathing and medical aid was quickly summoned. He was carried across the road to the home of his son, Burton. Dr. E. C. Oglesbee arrived but realizing his condition called for Dr. B. R. McClellan of Xenia. Death took place before the latter arrived. The supposition is that Mr. McElwain in his fall struck his head on another scaffold lower down, as there was a cut on the back of his head.

The deceased was born in Xenia and was 62 years of age. He resided on the farm for 28 years and but two years ago retired and has been living in town. His widow was Miss Rosetta Beal, who survives with one son, Burton, and a daughter-in-law, widow of Fred McElwain and three children, all of Washington C. H. Mrs. Frank Wolf and Miss Etta McElwain, Greene County Librarian, are sisters and Asbury McElwain of Kansas City, a brother. The sudden death was quite a shock to his widow and family as well as to the entire community.

The deceased was a prominent member of the local M. E. church, having been a worshipper and worker here for many years. He was a man of strong convictions and one able to lead his fellowmen in any cause. For many years he was prominent in Xenia masonry, but on the establishment of a lodge here had his membership transferred.

The funeral will be held Friday afternoon at 1:30 from the home of Burton McElwain. The services will be in charge of Rev. J. W. Patton of Mechanicsburg, his former pastor. Burial takes place on the family lot at Woodland, Xenia.

WHAT THE FILES SAY.

Issue October 7, 1933.

Robert Anderson had a horse taken from Din Collins residence several nights ago. The rig had been hitched while Mr. Anderson went into the house for a few minutes. On his return it was gone and a search for several days has not resulted in finding the rig.

Issue October 14, 1933.

An accident at the railroad crossing just west of South Charleston Monday resulted in the death of Henry McGee and David Van Dyke. The two men were driving a wagon and evidently did not head the train. Both horses were killed.

At a meeting of the Logan Club, D. S. Dixon was chosen president; H. M. Starnott, secretary and J. H. Wolcott, treasurer. Executive committee, Andrew Jackson, J. V. Pollock, W. H. Blair and W. L. Marshall.

Issue October 21, 1933.

Robert McMillan, who has been spending several weeks with relatives returned to Colville, Wash., Tuesday. Rev. J. C. Warnock returned today from a three week's visit in Iowa.

B. G. Ridgway left Monday for the World's Fair.

Issue October 28, 1933.

We record this week the death of Mr. Al Barber, Tuesday, at the home of his daughter, Mrs. H. C. Dean, in Jamestown.

The crowd of hunters returned the first of the week from Michigan. Will Marshall killed two deer and Frank Tarbox, one.

Hon. Whitelaw Reid of New York was called here this week by the serious illness of his mother.

PREPARES FOR LONG WINTER.

J. R. Stroupe, editor of The South Solon Advance, has announced that he will have a pumpkin show at his office on Saturday, Oct. 25. Prizes will be offered for the largest pumpkins. The announcement also states that it is not a subscription scheme, but that when the show is over, the pumpkins become the property of the editor.

CLIFTON PIKE COMPLETED.

The township trustees completed the rebuilding of their end of the Clifton pike yesterday and the road is again open for travel. The county outfit will be taken to Fairfield and then returned so that the Miami township trustees can improve their end of the Clifton pike.

TOWN PROPERTIES SOLD.

Duff White has sold his residence at the corner of Main and Elm sts., to Henry Smith for a consideration of \$2,500. Mr. Smith has rented his farm and expects to move to town between now and spring.

JAMES A. McMillan and sister, Miss Sally, have purchased the Val Helronious property on Main street.

Mr. McMillan and sister recently sold their farm to Harry Townsley and will move to town the last of next month. They will hold a public sale, the date to be announced later. T. B. Mechleng gets the Townsley farm and will move as soon as it is vacated. Milton Yoder has purchased the Mechleng property on the Columbus pike and will move as soon as Mr. Mechleng vacates.

Entomologist's First Duty.

When a new pest to any crop is brought to the attention of the county entomologist and a remedy is asked, he must first know just what the insect is. He must know the group to which it belongs, the habits of this group, the exact classification of this individual species. It may be that it will prove to be a perfectly new species, in which case it must be accurately described and properly placed, so that other workers will know about it and about its relationships and its possibilities for harm.

Any Excess, Etc.

Little Edward declined to attend school, so one morning he thought he would play off sick. "What is the matter with you, Edward?" asked his mother. Not knowing a whole vocabulary of ailments to select from, on the spur of the moment he replied, "Why, my teeth hurt."

HUGE AIR LINER IS IN WASHINGTON

The big Lawson air liner, 26-passenger airplane built at Milwaukee, as arrived in Washington after a successful trip from Wisconsin to New York. The plane is to try for a transcontinental flight. This photo shows the interior, A. W. Lawson, sleeping pilot, Pollock, Marshall, the only woman passenger, to alight at Washington. They were two of the 14 passengers.

The Cedarville Herald

Karl Ball, EDITOR

Entered at the Post-Office, Cedarville, O., October 31, 1887, as second class matter.

FRIDAY, OCTOBER 3, 1919.

Xenia is to have her own water-works so one more great problem in the county seat has been solved.

A dispatch says that President and Mrs. Wilson have made the greatest presidents in the history of the nation.

It looks like we will still have the treaty problem before us for the coming week anyway.

We see where some one urges congress to give us the two cent piece. Why so when we have so little use for the nickel?

The government is altogether responsible for the labor unrest. Bad precedents were established during the war and have not been forgotten by labor.

The time is not far away when we will have to think about our Thanksgiving turkey. We suppose buying a turkey this year will be no greater burden than going out to get a suit of clothes or an automobile.

Good roads are time savers. Time nowadays has come to mean money. Tax spent on good roads is never lost. The public is taxed for many things without protest that pays little or no return so endorse the two mill tax for road improvement in this county.

County Auditor A. E. Faulkner has not yet paid the \$1,350 bill for examining the county. The official that audited his account for 32 days at \$10 a day will be an older man than he is now before he gets this little piece of graft he had cut out for himself.

The news writers in an eastern city have unionized. The Baptist preachers were urged to form a union for higher salaries. Here is where the demonstration of the definition of the word "strike" can be applied. The dictionary gives 34 meanings for this word.

The public officials might get a little less advertising by investigating the recent increase in the price of auto tires. The automobilist need not expect special benefit but we would like to know how a tire company can sell a tire to an automobile manufacturer for ten dollars and have the nerve to charge the motorist around forty.

The county commissioners will ask for an additional two mills for road purposes in this county. The voters will have the final say at the November election. The need of funds for road purposes is plain to all and there is nothing that adds to the value of farm land like good roads. We believe the public will endorse this extra tax.

We all talk of the high cost of living. We hear it from every corner that men would prefer to return to the old order of things. We do not believe it. The world is living better than ever before. It is demanding a higher standard of quality of what we eat and wear. Who is there that wants to return to the time of the bread line and soup house?

The Kenyon bill in Congress, we doubt not one in a thousand citizens can tell what it is, covers much ground. It is aimed to curb the power of the packers and not permit them to handle side lines like canned fruits, milk, etc. The packers say that if such a bill is passed the tailors of the country can keep the department stores from handling ready-made clothing. In other words druggists could not handle musical instruments; lumbermen would be denied selling hardware, etc. Whether such an argument is good logic or clever sophistry we leave it for the public to decide.

PREPARING TO DEDICATE VICTORY MEMORIAL SHAFT

Morrow County Wins Out Over Licking and Warren in Close Race. Mt. Gilgah, O.—(Special)—Preparations are being made here to dedicate the \$10,000 Victory shaft awarded Morrow county for selling the most War Savings Stamps during June, July and August. This county won out over Licking and Warren counties, other hot contenders for the shaft, by a comfortable margin. The Ohio War Savings Committee has promised to send several airplanes here to take part in the ceremony. The monument, which was donated by the Barre Quarriers' and Manufacturers' Association of Barre, Vermont, as a tribute from the New England states to Ohio for her valiant part in the war, will stand 30 feet high, weigh nearly 10 tons and rest on a base six feet square. An inscription on one of its sides will state that the monument was awarded to Morrow county for its excellence in War Savings work, while another inscription will tell of the valor of the boys of Morrow county in the World War. The dedication will take place early in October.

OWNERSHIP STATEMENT.

This is to certify that Karl Ball is owner, publisher and editor of the Cedarville Herald and that there are no bondholders or mortgagees.

RELIEF MEASURES FOR COMING YEAR TOLD BY RED CROSS

FOLLOWING exhaustive reports from its various Commissions to European countries, the American Red Cross can do one fairly well the foreign relief program for the ensuing year. It is now clear that in the rehabilitation of nations and countries devastated by the war, the problem of vitality and the building up of man-power takes the first place in Red Cross activities. Further, it is evident that the feeding of foreign peoples, as well as general material relief is not a field which can be assumed by the Red Cross. There remains, however, the problem of sickness and disease, and particularly a diminished and weakened child population, which none of the countries of Eastern Europe is in a position to meet with its own resources, but where the American Red Cross is in a position to offer indispensable aid and service.

Recognizing these facts, the Red Cross effort in Europe during recent months has been concentrated more and more on establishing and extending through the countries of Eastern Europe, as well as Siberia, a constructive health service, looking not only toward relief in the immediate situation but also toward the establishment of permanent health service built on national foundations in each country concerned.

BABIES NEVER TASTED MILK

POLITICAL and economic troubles are not the only obstacles that face the new republic of Czechoslovakia. In attempting to build up a democracy, fashioned after that in the United States, one of its most serious problems is an alarming mortality rate, especially among women and children. Statistics of the American Red Cross show that in Bohemia, Moravia and Silesia, where in 1917 exceeded births by over 20,000. Figures for 1918, not yet completed, will show a larger mortality. "This whole condition," the Red Cross commission reports, "is due to malnutrition of mothers and children. In its investigation the American Red Cross found that many children have never tasted milk—not even mother's milk, as the women were too weak to nurse their babies. Seven year old children have the physical proportion of five, and ten year olds have the growth of a normal seven year old."

POLISH WOMEN CARRY OUT A. R. C. HEALTH PLANS

THE American Red Cross is now conducting operations in seventeen European countries. In Poland the government is taking over certain parts of the American Red Cross activities so that the Red Cross can move into new fields of relief work. The policy of the American Red Cross is to establish relief activities wherever great need exists; then to encourage local agencies to take over the established work and carry it on.

With a personnel of a hundred, the Red Cross has been making great inroads on the typhus epidemic and has enlisted the aid of 300 Polish personnel, mostly young women who have been taught the rudiments of American ideas of hygiene. After a few months, the Americans in many places were able to leave the work of sanitation to Polish units. The American Red Cross has supplied modern steam sterilizers, 30 mobile laundries, 50,000 flat irons, portable baths and many carloads of clothing, bedding, and hospital supplies.

All Is Not Lost.

Boys no longer have the opportunity to learn their lessons by the light of a pine knot. But opportunities to master draw poker in a quiet hayloft, and by the light of a smudged lantern, still are available in many rural communities.—Topeka Capital.

REVISED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.) (Copyright, 1919, Western Newspaper Union)

LESSON FOR OCTOBER 5

JOHN AND PETER BECAME DISCIPLES OF JESUS.

LESSON TEXT—John 1:29-42. GOLDEN TEXT—Jesus said unto him, follow me—John 1:41. ADDITIONAL MATERIAL—Matt. 9:9; Mark 2:13-17; John 1:43-51. PRIMARY TOPIC—Finding the best friend. JUNIOR TOPIC—John and Peter decide to follow Jesus. INTERMEDIATE TOPIC—Becoming disciples of Jesus. SENIOR AND ADULT TOPIC—Claims of Christ upon all men.

1. John the Baptist Testifies to His Disciples Concerning Jesus (vv. 29-34).

1. Jesus as the Lamb of God (v. 29). "Lamb" was familiar to the Jewish mind. It denoted a substitutionary sacrifice for sin. Christ was the true lamb to which every sacrificial offering pointed. He was the lamb which Israel showed should be brought to the slaughter (Isa. 53:7), upon whom the Lord laid man's iniquity. Christ was God's lamb because he was the one set apart from the foundation of the world to make atonement for man's sins (1 Pet. 1:18-20). John invited his disciples to behold the Lamb of God.

2. The Baptist with the Holy Ghost (vv. 30-35).

The Spirit descended upon him as Isaiah said (Isa. 11:2). John then knew for a certainty that he was the baptizer with the Holy Ghost. "The Spirit of the Lord is upon me, to whom he has anointed me (Isa. 61:1)."

3. Jesus is the Son of God (v. 34). Being the son of God he is one in nature with God.

II. Two Disciples Following Jesus (vv. 35-42).

As a result of the Baptist's testimony, two of the disciples leave him and follow Jesus. At John's request they looked. This look was sufficient to induce them to follow Jesus. A sincere look upon Jesus is always sufficient. John did not become a disciple of Christ's messiah, but was joined in it (John 8:28-30). All Sunday school teachers should so witness that the pupils will look to and follow Jesus. This is the whole method, the sum and substance of salvation.

III. The Disciples Abiding With Jesus (vv. 38, 40).

Seeing the disciples following him, Jesus made inquiry as to their object. Their reply showed the desire to go apart privately where they could disclose their hearts to him. He invited them to his abode, where for the remainder of that day they enjoyed sweet intercourse with him.

IV. The Disciples Bringing Others to Jesus (vv. 40-42).

Having found by experience what fellowship with Jesus means, they go at once and tell others of their precious treasure.

1. Andrew brings Peter (vv. 40-42). Peter was Andrew's brother. A true brother who has found Christ will go and tell his brethren. The proper place to begin witnessing for Christ is among one's kindred (Luke 8:39).

2. Philip brings Nathanael (vv. 43-45). He witnessed to him concerning the messiahship of Jesus. He told them that Christ was he of whom Moses and the prophets did speak. Christ is the sum and substance of the Old Testament.

The disciples invited others to come and see. They knew that if they would but put Jesus to the test they would believe. Christianity courts investigation (John 7:17).

When Life Grows Broader.

God does not count prosperity as we count it. Our sense of proportion is largely shaped by our experiences. When life is quiet and sheltered, and the stream runs smoothly, we notice every ripple and magnify every small obstruction. We are fully occupied with our work, our small worries. Then comes some grief, calamity, or new responsibility which suddenly changes everything. Our old interests are dwarfed and look so petty that we wonder that we ever allowed such trifles to hinder our souls. By such experiences life grows broader and higher and takes on new values. We have new standards of measurement for our fellow men as well as ourselves.

The Bible.

God might, of course, have given us a literally divine book written by his finger on tables of stone. We find that he chose to give us instead a library of books by human authors, with very different styles and characteristics. I cannot help connecting it with the equally obvious fact that he did not reveal himself by an angel, or millions of angels, but by a man who worked in a carpenter's shop.—Rev. J. H. Moulton, D.D.

Cheerfulness.

Better to be small and shine, than to be great and cast a shadow. Cheerfulness is God's medicine. Everybody ought to bathe in it. Grim care, anxiety and all the rest of life can be secured off with the oil of cheerfulness.

Love Never Tires.

Love is indefatigable; it never tires. Love is inexhaustible; it lives and is young again of itself, and the more it flows itself forth, the more it abounds.—De Lamennais.

John Tyler's Career. On March 29, 1790, John Tyler, tenth president of the United States, was born in Charles City county, Virginia. Tyler was inaugurated vice president in 1841 and in the April following he was inaugurated as president to fill the place of William Henry Harrison, who had died. He served as president until 1845. After the organization of the Confederacy Tyler was elected a member of the Confederate congress. He died at Richmond, January 18, 1862.

When It's For The Home It's An Investment. Not An Expense.

Special Demonstration Sale Neponset Floor Covering This Week Only

NEPONSET 100% Water Proof

Neponset Floor covering is not merely waterproof top and bottom. It is 100 per cent waterproof. Water can't dim or fade the stunning Neponset colors—of artistic neponset patterns that housewives are so enthusiastic about. Water won't soak into neponset—it can't because it's waterproof.

NEPONSET Won't Decay

Special neponset process is your guarantee that neponset floor covering is 100 per cent rot-proof. Thick, durable, sanitary, quickly and easily kept clean—these are other neponset features. Neponset is exactly the floor covering you need. Attractive patterns for every room in the house. Come in and see them. Your floors and purse will thank us.

OUR NEW HOME 126-130 E. High St.

CUT FROM THE ROLL--NO REMNANTS **69c** Sq. Yd. CUT FROM THE ROLL--NO REMNANTS

Watch The Famous Sidewalk Test

We are proving Neponset's wonderful durability by the stiffest test imaginable. Out in front of our store is a piece of Neponset Floor Covering—cut from one of the rolls in our regular stock. Thousands are scuffling over it and pounding their heels into it. It will stay there all this week through sunshine and rain. Examine it. After thousands have walked on Neponset notice how bright and fresh looking it is. This is the Famous Test that PROVES that Neponset the wonderful, strong, durable and long-wearing floor covering makers claim it to be.

SPRINGFIELD, OHIO.

Facts About Chameleon.
A general belief is that the chameleon changes its color in accordance with its surroundings. Some experiments throw doubt on this view. The color changes seem to be regulated by light, temperature, excitement, etc. Thus one placed in sunlight so that only one side was exposed to the rays of the sun became dark brown on this side and pale brown mottled with green on the other. Placed in a dark box and kept at a temperature of 730 degrees Fahrenheit, another specimen in a dark box at 500 degrees Fahrenheit assumed a uniform sandy-gray color.

Flowers and the Voice.
Flowers are said to have a remarkable effect on the voice. Sims Reeves never cared to smell a rose; he said the perfume of a bouquet of flowers made his throat "off singing for a week." Another famous opera singer declares that the odor from a bunch of violets makes his voice quite husky.

Thoreau's Vision.
If the moon looks larger here than in Europe, probably the sun looks larger also. If the heavens of America appear infinitely higher and the stars brighter, I trust that these facts are symbolical of the height to which the philosophy and poetry and religion of her inhabitants may one day soar.—Thoreau.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces, expelling the poison from the blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.

CEDARVILLE, OHIO

Opium.
Opium is the dried juice of the white poppy, a flower that grows in many parts of Asia. A few days after the flowers have fallen off the plants men go through the fields in the afternoon and make little cuts in the poppy head. Out of these cuts a milky juice oozes, which dries into a brown, sticky paste. Every morning the men go through the fields again and scrape off this paste, which they put into jars. Later on it is made into half-pound balls and then packed for shipment.

RALLY FOR THE THIRD RED CROSS ROLL CALL

THE quota of funds for the Lake Division—Ohio, Indiana and Kentucky—for the Third Red Cross Roll Call, November 21, is \$1,880,000, according to the recent announcement of MacKenzie R. Todd, campaign manager for the division.

This is the Lake Division's share of the \$15,000,000 fund asked from the nation to complete American Red Cross relief work abroad during the coming year.

The goal of the Third Red Cross Roll Call is universal membership. In the last drive for funds, the Lake Division quota was \$9,400,000. It was over-subscribed by more than four and a half million.

State and county quotas will be announced shortly by state managers: R. F. Grant, Ohio; John R. Downing, Kentucky; Clarence Stanley, Indiana.

This will be the only Red Cross campaign this year. Each year hereafter there will be an annual Roll Call for members, to perpetuate in America the service to Americans that is to be the Red Cross peace time work.

OVERSEAS NURSES TURN TO PUBLIC HEALTH WORK

FIFTY Red Cross nurses, most of them recently returned from overseas service, are to meet in Cleveland, Sept. 18-20, to discuss means of preventing disease. They have chosen as their peace-time occupation the teaching of home hygiene and dietetics to women and girls outside the nursing profession, and hope in this way to increase the number marching with the American Red Cross in its advance against disease.

CAMP WORKERS AID MEN RETURNING TO CIVILIAN LIFE

RED Cross Home Service workers in Camp Taylor (Ky.) and Camp Sherman (O.) have found their assistance required more and more as time passes by soldiers returning to civilian life who need aid in making the change. During July, 24,677 men passed through the Kentucky demobilization camp and, of that number, 8,523 new cases are recorded in the camp Home Service records. In addition, 2,270 men applied for information, mostly in regard to insurance. This total puts Camp Taylor at the head of the list for all camps in the country in volume of work of this kind. Camp Sherman stands third.

HOME SERVICE USED TO FIND MISSING MEN

THE Home Service Sections of the American Red Cross in Ohio, Indiana and Kentucky are helping to locate soldiers who have disappeared since their discharge from military service. One is Sgt. Russell Irving Viles, discharged June 17 from service with the Motor Transport Corp 813. Private Harry E. Ross, Co. H, 26th Infantry, First Division, A. E. F., was wounded while serving at Salsons July 19, 1918. Since that time only indefinite reports have reached his mother, Mrs. Clark D. Ross, 4042 Third St., Des Moines, Ia.

Private Joseph Burch Walker of Monticello, Tenn., is believed to be mentally disabled as the result of gas. He was discharged from Camp Dodge in June.

Private George Nelson, C. E. F., has been missing since February 1, 1919. He is suffering a lapse of memory following shell shock.

Any of these men may be in the Lake Division, ignorant of names and addresses.

JUNIORS WANT MILLION MEMBERS FOR THIS YEAR

A MILLION Juniors in the Lake Division in 1919—that is the slogan of the Red Cross department of Junior Membership. The division is 200,000 short of that number, but hopes to enroll that many—and more—in the membership drive the Juniors will conduct in the schools during September.

VOLUNTEER

Be one of the million workers in the country who will help to enroll Red Cross members in the Third Roll Call November 21. The Red Cross needs \$15,000,000 to complete war relief obligations overseas. The Lake Division's share is \$1,880,000. The Red Cross needs new members for 1920 to carry on Red Cross service for Americans. YOUR CHAPTER NEEDS YOU. VOLUNTEER.

Distinctive Cold Weather Apparel

Coats and Suits in the cleverest originations and color combinations of exclusive designs, selected with the conscientious eye for quality and detail that add materially to every garment.

COATS

The Coat present decidedly clever treatment of yokes, sleeves, narrow belts and flap pockets. Rich fabrics contribute to their beauty, including Duriel de Laine, Valangara, Frosted Chinella, Plush and Relette and up.....

PRIZED OLD RIFLE

Weapon Long Preserved as Heirloom in Family.

Belonged to John Ferrell, Who Used It With Effect in Indian Wars of Kentucky—Passed Down to His Son.

There is a story of the American rifle that has been handed down in the heart of a family for generations. It begins with the Greenbrier region of Virginia of colonial times, thence into Kentucky, Missouri, thence to the great prairie of the far West and on to California. The family rifle was dear and sacred. John and Margaret Ferrell and their family were with a party of pioneers from the Greenbrier region who migrated to Kentucky in the early days. Owing to the hostility of the Indians, they were armed and under the command of Capt. Jacob Baughman, a brother of Margaret Ferrell.

They "packed" on horses over the Alleghany mountains and when in camp at or near Crab Orchard, Ky., were attacked in the night by Indians. In the fight that ensued Capt. Baughman, John Ferrell and others were killed, but the men held back the Indians long enough to enable some of the women and children to escape. Among the number thus saved were Margaret Ferrell, a son, John Ferrell, and two daughters, and also Mrs. Jacob Baughman, a son Henry of tender age, and two daughters.

The Baughman-Ferrell fight, or massacre, occurred in the fall of 1773. John Ferrell, then fourteen years old, who had sworn an oath of revenge on his rifle. He kept that vow and his rifle became a bloody one in the Indian wars of Kentucky.

In the Boone Lick region of Missouri, now Howard county, in 1812, were built several forts for protection against Indians, especially the Sacs and Foxes and the Potawatamies. John Ferrell and family were in one of them, known as Fort Cooper. He here still possessed his old Kentucky rifle. After the war of 1812, in addition to farming, he often engaged in hunting expeditions up the Missouri and Kansas rivers, and sometimes far out on the great prairies.

Over a century ago he hunted bear and other game on what is now the site of Kansas City. He and other frontiersmen then predicted that a great city would be founded on the confluence of the Missouri and Kansas rivers.

The old rifle of John Ferrell has been preserved. During the Civil war, when the authorities were collecting all the guns in Saline county, Missouri, they seized the old Ferrell rifle. Kessiah Ferrell, then about ninety years old, cried and begged that it be not taken. Her sons and grandsons were wearing the blue and gray and a compromise was effected. It was agreed that this old rifle should be hid away, and thus the old Ferrell rifle became a noncombatant in the Civil war. It later passed to the possession of Jesse Ferrell, county judge, son of Henry Ferrell, who founded Miami, Mo. On the death of Judge Jesse Ferrell the rifle was passed on as an heirloom to his brother, John Ferrell, who had been a soldier from Saline county with Doniphan's Missourians in the Mexican war. John Ferrell died some months ago at his home in Exeter, Cal.

As Good as a Youth.
Workmen at a mill in Greencastle are calling a good story regarding one of the workmen. It has been a rule of the company not to employ men over a certain age.

A few days ago a man living within a stone's throw of the mill solicited work, but was turned down because of his gray whiskers and his iron-white hair. The "old" man was not daunted. He felt he was still good for many days of work, so he went to a drug store, bought a bottle of black hair dye and soon had his whiskers a jet-black. He again asked for work of the same foreman and was accepted at once. He was put to work and made good from the start. Then he was worried because his white hair was growing, as also were his equally white whiskers. He again bought a second bottle of dye and used it to hide his identity.

The "old" man is still working his eight hours a day and one official of the company stated he had done such a good job he did not have to buy another bottle of dye, but could hold his job, even with his white hair and whiskers.—Indianapolis News.

Pent Up Emotions.
"I don't suppose you hear any ill will toward your officers?"
"No," replied the discharged mule skinner. "But there's a mule somewhere in France that I'd like to give a piece of my mind to now that I'm out of the service. I wasn't allowed to swear at the birds when I was in the army."—Birmingham Age-Herald.

Literary Note.
Longfellow had just written "Excelsior."
"If I want to wait," he mused, "I might get a big price for this as breakfast-food poetry."
Heaving a sigh, he mailed the manuscript to his publisher.

That's the Question.
"I thought one of those fountain pens I was telling you about today. The price has come down."
"But will the ink come down?"—Boston Transcript.

One Woman's Deduction.
One Atchison woman who has taken the best care of her hair all her life, only to have it turn gray at an early age, says: "The reason why women's hair is so gray is because it was a bald-headed man's."—Kansas City Star.

Death and Cruelty.
Death is no cruelty or hardship, or our Creator would not have made us suffer it; but cruelty to animals is a cruelty and a waste of life.

HOW TO VOTE DRY

Sample Ballots Marked For a Vote Against the Four Proposals Petitioned For by Ohio Wets.

(THESE TWO PROPOSALS ON SEPARATE BALLOT.)

PROPOSED AMENDMENTS TO THE CONSTITUTION	
(Proposed by initiative petition.)	
ARTICLE XV—SECTION 9-1.	
That a section to be known as Section 9-1, Article XV of the Constitution, be adopted to provide that the phrase "intoxicating liquor" shall not be defined or construed to mean any beverage which is in fact non-intoxicating and that no beverage containing two and three quarters or less per cent of alcohol by weight shall be deemed an intoxicating liquor.	Yes <input checked="" type="checkbox"/> No <input checked="" type="checkbox"/>
(Proposed by initiative petition.)	
ARTICLE XV—SECTION 9.	
To repeal state-wide prohibition of the sale and manufacture of intoxicating liquors as a beverage, viz: Section 9, Article XV of the Constitution, and the statutes passed in pursuance thereof, to revive the laws relating to intoxicating liquors in force and effect November 4, 1918; to adopt proposed Section 9, Article XV of the Constitution, providing for the licensing of the traffic in intoxicating liquors as a beverage and for the limitation of the number of saloons in territory where the traffic is not prohibited under general local option laws applying to municipalities, residence districts within municipalities, townships containing no municipalities or townships outside of municipalities therein, providing for home rule, in said subdivisions under general local option laws and limiting the definition and construction of the phrase "intoxicating liquor."	Yes <input checked="" type="checkbox"/> No <input checked="" type="checkbox"/>

FOUR WET PROPOSALS

Why Dries Vote "No" on Two of Them and "Yes" on Other Two.

"Why do dries vote 'YES' on two of the wet proposals and 'NO' on the other two? If all four proposals were petitioned for by the wets, why not vote 'NO' on all of them?"

Because two were proposed by the wets through referendum petitions and two by initiative petitions. Initiative and referendum do not mean the same thing. If the legislature enacts a law, voters who object to the law can, unless there is an emergency clause attached, file a petition within a certain number of days, containing the names of 6 per cent of the number of voters voting at the last general election, asking that the voters pass on the action of the legislature. This vote must be taken at the next general election. The question at such an election is whether the legislature shall be sustained. Those who vote "YES" vote to sustain the legislature, and those who vote "NO" vote against sustaining the legislature.

The two wet referendum proposals are on sustaining the legislature in ratifying the national prohibition amendment, and in passing the Crabbe law enforcement bill. Those who believe the legislature did right in ratifying the dry amendment, and also in enacting a law for the enforcement of statewide prohibition, will vote "YES" on these two proposals, which will be on a ballot by themselves.

A proposal by initiative petition is one in which certain voters desire to initiate a new proposition, such as an amendment to the state constitution. Last year, for instance, the dries initiated a proposed amendment for statewide prohibition, which the voters adopted at the November election. This year the wets initiated two proposed amendments, one for the repeal of statewide prohibition and the other for defining intoxicating liquors. The side which initiates a proposed amendment is like the affirmative side in a debate. It affirms, and the opposition denies.

Original "Yeomen."
The title "Yeoman" is of military origin, and the yeomen were so styled because, besides the weapons fit for close engagement, they fought with arrows and the bow, which was made of "yew," a tree that has more repelling force and elasticity than any other. After the famous name of yeoman, as applied to such original office in war, was changed to that of archer.

(THESE TWO PROPOSALS ON SEPARATE BALLOT.)

Senate Joint Resolution No. 4 Adopted and the Crabbe Act (House Bill No. 24) Passed by the 83d General Assembly of Ohio, Ordered Referred to the Electors of the State.	
(By Referendum petition.)	
SENATE JOINT RESOLUTION NO. 4, ADOPTED JANUARY 7, 1919, AND FILED WITH THE SECRETARY OF STATE JANUARY 22, 1919, RATIFYING THE NATIONAL PROHIBITION AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES OF AMERICA, PROPOSED BY THE 65TH CONGRESS.	Yes <input checked="" type="checkbox"/> No <input checked="" type="checkbox"/>
The said amendment ratified by the 83d General Assembly of Ohio, provides: "After one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the territory of the United States, and all territory subject to the jurisdiction thereof, for beverage purposes, is prohibited."	
(By referendum petition.)	
THE CRABBE ACT (HOUSE BILL NO. 24) PASSED BY THE GENERAL ASSEMBLY OF OHIO APRIL 17, 1919, APPROVED BY THE GOVERNOR MAY 16, 1919, AND FILED WITH THE SECRETARY OF STATE MAY 19, 1919.	Yes <input checked="" type="checkbox"/> No <input checked="" type="checkbox"/>
To provide for state prohibition of the liquor traffic, for the enforcement of such prohibition and the repeal of all sections of the General Code inconsistent therewith.	
The act defines intoxicating liquor to include any distilled, malt, spirituous, vinous, fermented or alcoholic liquor and any alcohol liquid or compound capable of being used as a beverage, except for pharmaceutical, medicinal, sacramental, industrial, and certain other specified purposes, makes it unlawful to manufacture, sell, barter, receive, possess, transport, export, deliver, furnish or give away intoxicating liquor, or possess any equipment used or to be used for the manufacture of intoxicating liquor, but the word "possess" as used in this act in reference to intoxicating liquors does not apply to such liquors in a bona fide private residence as described in Section 50 of this act; provides for a system of permits to be issued by a prohibition commissioner for the manufacture and sale of intoxicating liquor where authorized; authorizes the commissioner to issue additional rules and regulations relating to the manufacture, possession and sale not inconsistent with the act; provides for removal of liquors from possession, except those specifically permitted; makes it unlawful to advertise or solicit orders for liquors, or to advertise, sell, deliver, furnish or possess any preparation or receipt, etc.	

WAR STAMP SALE WILL BE PUSHED

Treasury Department to Start Another Campaign For Baby Bonds.

GOVERNMENT NEEDS FUNDS

Secretary of Treasury Glass Says War Stamps Are as Necessary Now as During the War—Will Help Lower High Prices.

Columbus, O.—(Special.)—Secretary of Treasury Glass has notified State Director of War Savings H. P. Wolfe that it was the treasury's purpose to push the campaign for the sale of Thrift Stamps with even greater vigor now than during the war.

"There are at present," Mr. Glass wrote, "just as compelling if not more pressing reasons than formerly for urging our people to conserve and augment the capital resources of the country by prudent spending, systematic saving and wise investment. There can be no question that a factor of major importance in the present high cost of living is the extravagance and waste which have come as a reaction from the war-time economy."

COUNTIES SET HIGH MARK

War Stamp Sale in Ohio Continues to Astonish Rest of States.

Columbus, O.—(Special.)—When National Director of Savings Mather T. Lewis was informed by State Director of Savings H. P. Wolfe that the per capita sale of War Stamps in Morrow county, O., was \$65, Mr. Lewis declared the record marvelous. Licking county during the last two years had a per capita sale of \$40. Lebanon, Warren county, has a per capita sale of \$45.

Many other counties, while not doing as well as the above three, have been making enviable records in the sale of War Stamps this year. Mail carriers of Ohio have sold more than \$3,000,000 of War Stamps this year. Ohio counties contesting for a Victory Memorial shaft sold \$3,000,000 of War Stamps during June, July and August. Ohio again led the nation in the sale of War Stamps during August.

Where Everybody is Welcomed in Cincinnati

FOR over forty-two years our store has been the headquarters for discriminating folks.

Because:

- The Mabley & Carew Company store is in the heart of the theatrical and shopping district.
- Is but a short distance from all railroad depots.
- Is close to all street car lines.

And Because:

- This store has always catered to the trade of out-of-town shoppers. The newest merchandise at the most reasonable prices—sold by courteous, smiling salespeople who are in perfect harmony with our store policy for complete satisfaction.

- Next time you are in Cincinnati make use of our rest and lounging rooms and check your hand baggage (without charge.)
- We'll appreciate your visit and value your patronage.

Wanted—Partner for automobile business in Dayton. Address P. O. Box 322, Dayton, O.

The entire block occupied by the Masters grocery, Elias & Masters millinery firm, The Cedarville Bakery Johnson's Jewelry Store and Smith's Barber shop has been repainted and is much improved in appearance.

Messrs. A. E. Jolly and A. M. Gillian of Dayton moved here Wednesday. These gentlemen will open a bakery and candy store in the room just vacated by the Masters grocery. Improvements are about completed on the room.

Just where all the horse vehicles come from that gather around the racks Saturday night we have been unable to discover. There are more automobiles than formerly. Some one has explained that more farm tenants are able to own their own rigs than a few years ago. A year or two and the tenant-stables old dobbin and gets a flivver.

Miss Maude Corn, daughter of Mr. and Mrs. Logan Corn, was married to Thomas B. Frame, well known farmer, Tuesday afternoon at the First U. P. parsonage in Xenia, the ceremony being performed by Rev. D. D. Dodds. Following the service the bride and groom motored to Columbus on a short honeymoon. On their return they will be at home with the groom's parents, they being associated together in farming. The bride just recently resigned as a clerk in Trout's grocery.

The second game of the World's series between Cincinnati and the Chicago White Sox resulted in a victory for the Reds. The score was 4 to 2.

Mrs. Thomas, who has been visiting her daughter, Mrs. E. G. McKibben, of Clinton, has returned to her home in Bellaire, O.

Lieut. Walter Pearson with his airplane did quite a business at Xenia last Saturday and Sunday. Thirty-five different local people took an air trip at \$15 a passenger. The field was used for landing purposes. Dr. Leroy Haines and a Clinton county man have placed an order for an airplane that will be delivered some time this fall. The Dr. partner has had experience as a pilot.

Word has been received that the body of the late Seth W. Smith, who died at Whittier, Cal., last week will arrive Friday morning, in care of his son, Louis Smith. The body will be taken to the home of O. L. Smith where funeral services will be held, Saturday afternoon at 1:30. Burial at Ferncliff in Springfield.

James A. McMilna will hold a public sale of some live stock and household goods on Thursday, October 20.

Inspect the stock of Fountain Pens at Richards Drug store. Over one hundred to select from.

Ralph Richards of Parkersburg, W. Va., is here on a visit with his brother A. E. Richards and wife.

C. N. Stuckey returned Wednesday evening from Martinsburg, W. Va., where he was called several weeks ago owing to the death of a cousin.

We will pay Saturday, October 4th only for clean fresh eggs
\$30 in Trade
\$50 in Cash
\$80 in Dozen for small and Dirty Eggs
R. BIRD & SONS CO.

W. L. Clemans and wife and Miss Martha Owens returned yesterday after a delightful trip to Detroit. Mr. Clemans drove home his new seven passenger Studebaker touring car, stopping at Toledo, Van Wert and at the reservoir enroute home.

—Chickens, Ducks, Geese—I will pay the highest price for them. Call phone 3-164 Wm. Marshall.

How Expression Originated. "Cooking his goose" is a phrase which originated when the king of Sweden, on approaching a hostile town, excited the contempt of the inhabitants by the smallness of his army. To express this they hung out a goose for him to shoot at, whereupon the king set fire to the town to "cook their goose."

Reason for "Greenbacks." Why the United States bank notes are printed with green backs is not generally known. Although there is most excellent reason for it. The great drawback to paper currency is the likelihood of its being counterfeited, and therefore experts are constantly at work to contrive ways of making it impossible to copy such bills. Stacey J. Edson was the man who in 1867 invented the greenback that Uncle Sam uses on his bank bills. The ink which was patented, is anti-photographic—that is, it cannot be photographed, nor can counterfeiters in trying to get a facsimile of the notes remove it with alkalis. The secret of the ingredients of the ink is of course carefully preserved.

HAIR DRESS IS TO EMPHASIZE BEAUTY

The day when any one style of hair dressing could rule supreme, simply because it was "the style," seems to have passed, regardless of the extreme effort which is now being made to bring back the "high" hair dress. The point all women have learned is that the hair dress is to help bring out the natural beauty of the face. Therefore the woman with a beautiful neck should wear her hair as shown above, high on the head and flowing graceful lines of the full neck to show. The center picture shows a hair dress which emphasizes the low broad brow, still is low over ear and neck, covering an irregular ear and slim neck. The lower picture shows a hair dress which brings out best the well-shaped head.

Gets Quick Relief from Sore Throat

During the coming raw days of fall and winter you are particularly apt to develop sore throat, lumbago and stiffness of the muscles. Children also are more apt to contract colds and kindred ailments at school. Be prepared. A bottle of "Houstan" in your home is your safeguard.

Mrs. C. E. Helder, 184 East Long St., Columbus, Ohio, says: "I am troubled with a weak throat and every cold I contract settles there. I find 'Houstan' Liniment the best remedy I have ever used. One application always relieves my sore throat."

It's easy to use 'Houstan' — no pain, smarting or blistering. It sterilizes open cuts, burns, scalds, or bruises and soothes while it heals. Ask your druggist for 'Houstan' — (The Original Jones' Liniment), \$1.00. Half size 50c. Trial size 25c. Dr. J. C. Jones Co., 80, Charleston, Ohio.

GALLOWAY & CHERRY, OHIO

Y. W. C. A. OPENS WORK IN ITALY

Tea and Club Rooms Opened for American Women.

Miss Charlotte Niven, Director of Italian Work, Prepares for Influx of American Woman Students.

Italy is now included in the war work of the American Y. W. C. A. Miss Mabel Warner of Salina, Kan., and Chicago left Paris a few days ago for Rome, where she will be in charge of a Hostess House for American girls employed there by the American Red Cross, the Embassy and the new Tuberculosis Commission. Miss Warner has been director of the Y. W. C. A. Hostess House at Paris, France.

Miss Warner will open a tea room and club rooms where the American women can gather for social times. Rome is harboring a refugee population of about 40,000 and accommodations are difficult to find.

The work in Rome was started as a direct result of the appeal of Miss Charlotte Niven, one of the National Y. W. C. A. secretaries of Italy, who is spending a few months in France as advisor in the French work.

Miss Niven's dream of Y. W. C. A. work in Italy includes the maintenance of a residence for non-Italian women, who, she feels, will come to Italy in great numbers after the war to study music and art.

"I believe at this time such a project is particularly important because women from other countries should be encouraged to come to Italy to replace the great numbers of German women who flooded Italy in the past, many of them paid agents of their government," Miss Niven said in discussing her plans.

Miss Niven has asked the American Y. W. C. A. to aid the Italian Association in establishing a center, perhaps at Genoa, with two American secretaries, with physical and recreational training, to act as a training school for Italian women. In connection with this plan would include a Hostess House for girls passing through the city or employed there. Such a center would become eventually the center for all Y. W. C. A. work in Italy, both Italian and foreign.

To use formal appeal for help for the Unione Cristiana Delle Giovani (the Italian name for Young Women's Christian Association) Miss Niven has emphasized the fact, the poverty of the Italian Association on the one hand and the need and opportunity on the other for an American program in Italy at the present time.

Miss Niven's favorite way of illustrating the friendliness of the Italian woman to America is by telling the story of the Italian mother who said she had taken down the picture of the Madonna which had hung for many years over her bed and was putting it in its place one of President Wilson.

"In our work in the Unione we have lacked trained leadership as well as the material resources to give such training. We have had no means to buy modern equipment. Consequently we have not the visible results of American and British work."

"As for our work and as for me, it is not useless. Many girls in all parts of Italy have told us how much the Unione meant in their lives. Italian girls are touchingly grateful for the smallest efforts. They respond eagerly to friendliness."

"There is no other agency doing in Italy what the Association is trying to do."

Miss Niven has spent the past seven years in work with the Italian women, starting as director of a hotel, or boarding home for Italian women students, at Florence. She is an American from New York, where she was sometime head of the Christadora Settlement House.

WOMEN LEARNING MASSAGE.

German town Y. W. C. A. Trains Women for Reconstruction Work Among Soldiers.

Educational courses to prepare women as aides in the rehabilitation of wounded soldiers have been opened at the German town, Pa., Young Women's Christian Association.

A reconstruction massage course, lectures in anatomy, physiology, muscle work and remedial movement massage, theory and practice, electrotherapy and hydrotherapy are given by doctors and nurses, who also supervise practical work at the Y. W. C. A. and at hospitals. The courses are recognized by the Surgeon General.

Similar courses have also been opened in the New York City Central Branch Y. W. C. A., where a specialty is made of brush-making with a view to training women as teachers for reconstruction hospitals.

The Canadian Y. W. C. A. has received permission to place a Y. W. C. A. secretary on every ship leaving England with 200 or more women and children on the passenger list.

The secretary fulfills the same function for the women as the Y. M. C. A. secretary has for men on transports. She plans entertainments and recreation for women and children and is a friend to whom they may come if they are in distress.

WHITE MAP WILL MEAN WOMAN'S FREEDOM

"Darkness" is lifting for the American woman. At least on this map, where every white state means that that commonwealth has ratified national federal suffrage. Up to the present time sixteen states have ratified the national amendment. Thirty-six states are necessary in making the measure a law.

Fakes Diamonds Easily Detected.
In former days even rock-crystal passed for diamond. Only within comparatively recent years has there been accurate knowledge of gem-stones. But the modern expert cannot be deceived. A colorless berry, for example, yields when well cut a very brilliant and diamond-like stone, but nobody could pass it off on a fairly intelligent pawnbroker for a real diamond.
